

Patio Areas

Now that the weather is getting warmer, please take a few minutes to clean up your patio.

Remember that your patio area is in full view of the rest of the community and is not intended to be a storage area. The only items allowed to be stored on the patios are patio furniture and grills. If you choose to place toys or bicycles on your patio they must be kept in a clean and orderly fashion at all times.

Please do not attach any items to the building or siding at any time. This includes the wood trim around the siding. Staff will remove any such items without warning.

Grills must be facing away from the Building and have to be at least 3 feet from the siding at all times. Residents will be responsible for any damage to the siding.

Fire pits are not allowed on the premises at any time.
